Subject FW: Tribal reps on Intergovernmental Tech. Team

TO: Herman Nelson, President, Koliganek Village Council

Herman, I understand that you had not heard of EPA's Interagency Technical Team, which will include tribal representatives to assist on matters related to subsistence, and that you might be interested in serving.

You should give Rick Parkin at EPA a call for more information.

His phone is below: Rick Parkin, U.S. EPA, Region 10, (206) 553-8574

Best,

Jeff Parker
